**Asian Star Building Group of Companies** is a well known group in Construction Industry playing prominent role in Civil jobs, supply of Mechanical Structures in turn key Projects and so we are Market Leaders of this Industry.

We focus on Construction of Industrial Warehouses, Residential Villas and High rise Buildings.

# About Us

**Asian Star Building Group of Companies** is fully equipped with valued Manpower, Modern Machinery and Instruments as per Industrial Requirements & Standards and has a team of Highly Skilled Professionals and quality Labors adequately supported with required Infrastructure.

- Our Engineers are experts in their jobs and their dedicated team keeps on fighting the new challenges to create some innovative ideas and setting up new Benchmarks for this Construction Industry.
- Safety department functions with full efficiency to match the safety requirements and meet the standards of Safety Policies.
- Marketing Department led by Professionals and Technically sound people is engaged in exploring the Opportunities lying into the markets and ultimately creating Jobs for our company.
- We always prove to be very Economical as per Industry Standards and the reason is our sound Procurement team comprising of Expert People having great contacts within the market and are competent enough in Material Sourcing Requirements.
- 
- Accounts department consists of Qualified Professionals & Accountants who play a key role from Maintenance of Accounts to sourcing of funds for the Company and Maintaining good Financial Relations with our Clients and all other Business related.
- All other third party jobs or Inspections for our Activities are being carried out by most reputed Organizations available in our country.
- We are working for getting renowned into this Civil Industry and now we are actually a brand in UAE just because of our work commitments and quality of services.

# Director's Message

**R.C. Yadav (Managing Director)**

rc\_yadav@abcllc.ae

- **Asian star building group of companies** are active since last **30 years** in Construction Business of Residential, Commercial & Industrial Projects all around the U.A.E. The company consists of versatile Manpower that are Highly Qualified and Experienced in this Business segment which proves to be a major advantage for smooth running of the Company.
- The company's Management is fully dedicated and committed towards providing Highest level of services to its customers, resulting in continual growth and chances of Expansion in near future. Construction is a Business where success is not measured rather it is uttered in form of appraisals through Clients, that's what we have gained because of Timely Completion of our Project's and Quality of Services we offered. We always keep the Objectives of Efficiency, Quality and Safety in our mind before execution of any Project.

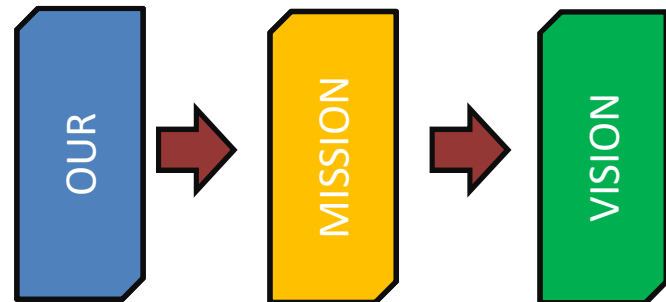

## Our Values:

**Client Focus**

**Integrity & Quality**

**Honesty & Stability**

**Result Oriented**

- Our Clients are Incredibly satisfied as we are meeting their needs and Challenges in line with their Valued Expectations. This results in creating sound good will thereby Raising the Toll of our Clientele day by day.
- We are committed towards “Establishing The World With Quality” and we work with full dedication to keep these words fulfilled. We execute our Projects with Highest International Standards under best Quality Methods. I thank all of our Employees who are always striving to be the best.

# Health & Safety Policy

- **Asian Star Building Contracting L.L.C.** has Developed a well defined Safety System knowing the importance of Health Planning and Safety assurance while executing the Projects.
- We are committed towards the well being of our people thereby Improving the Effectiveness of our work force and Developing a sound Management system into the Company.
- The concerned Safety Personnel will maintain dedicated system and procedures mentioned in our Safety plan and violation of the plan by anyone in the Company will be taken seriously.

the Company requires all the Employees to strictly adhere Health and Safety plan to achieve **“ZERO CASUALTIES ”**target while working.

- The disposal of Scrap Material and wastages generated during the Construction is carried out in accordance with Environment Regulatory Standards.
- The Project Management team is responsible for good house keeping practices in the work Area.

**We think “SAFETY” first... !!!**

# Quality Policy

**Asian Building Contracting LLC** is Committed to Achieve utmost level of Customer Satisfaction by adapting itself to understand and meet evolving Customer Expectations by Implementing International Standards and Regulations in execution of Projects and services being delivered to Customers. We are focused on General Construction services and Project Management.

As a Company we shall strive to Continually improve overall Business Processes by effective Implementation of Quality Management Systems, involving all levels of Management and Associates.

The Management will monitor and measure the Effectiveness and Efficiency of our work process and Company Objectives through Internal Management reviews, appraisal system and by adopting the policy of internal audit.

We will measure our Performance in Meeting Customer's Requirements and work with them to continually improve the services that we provide

The Achievement of our Quality Objectives and continuous Improvement is fundamental to all activities carried out within our Company and must be practiced by all Employees as an integral part of their routine work.

**We Work towards Establishing the World with Quality....!!!!**
